(do not reverse)

Bachelor's Puzzle

cut 4 white

Linda Lowe
Collection

allow for seams

Bachelors would not be the only ones puzzled over setting this block together, but what a cunning pattern it is with an individuality all its own. To be effective it must be made of pieces with sharp color contrast, the four dark pieces preferably of a plain color. The blocks are 10 inches square and may be set together with plain blocks of the same size, or every block may be pieced. In piecing start with the center square and add other pieces in rotation. Allow for seams.
